

Contribution to Core Abundant Lifestyle

How can you use your collected Star Points?

People can participate in divergent kinds of education, courses, workshops, intensives and retreats.

This is all offered in experience levels:

- ☆ Basis
- ☆ Extended
- ☆ Ultimate

You can sign up for a Basis event and with an extra payment, your ticket can be upgraded to an Extended ticket or an Ultimate ticket (for example included with a treatment or a product).

The number of Extended and Ultimate tickets at an event is limited. When you choose for an Ultimate experience, you get the best places, extra value and offer and you can participate in extra sections. The Extended tickets are in between the Basis and Ultimate tickets.

The extra value of an Ultimate ticket, can also be obtained by Star points. Every Star point represents a value of 1 euro. For example: when the surcharge for an Ultimate ticket is 500 euros, then also 500 Star points can be exchanged.

Core Abundant Lifestyle

Star points can be obtained by investing in Core Abundant Lifestyle in the form of a donation. By donating for example 50 euros, 50 Star points are obtained.

These points are unrestrictedly valid and can be exchanged at one of our events.

Star points are never exchangeable for money or in combination with special offers.
